UNIVERSITY STUDIES

Maîtrise in <i>Natural Sciences</i> Faculty of Sciences of Tunis	June 1974
DEA in <i>Molecular genetics</i> UPMC (Paris VI)	June 1976
Doctorat de Spécialité <i>Immuno-genetics</i> UPMC (Paris VI)/ Pasteur Institute of Paris	June 1978
Doctorat d'Etat <i>Immuno-genetics</i> UPMC (Paris VI) / Pasteur Institute of Paris	Nov 1981

PROFESSIONAL CAREER

Researcher at Analytical Immune-chemistry Laboratory Pasteur Institute of Paris	1977-1981
Maître de Conférences Faculty of Sciences of Tunis	1981-1986
Professor Faculty of Sciences of Tunis	1986-2018
Founding member of the immunopathology laboratory Charles Nicolle Hospital of Tunis	1984-1989
Sabbatical year at INSERM UNIT 132(Dr. Alain Fisher)Necker-Enfants maladesHospitalParis	1990-1991
Director in charge of Missions and training Faculty of Sciences of Tunis	1993-1996
Head of the Research Team Immuno-genetics E05/C09 Faculty of Sciences of Tunis	1996-1999
Director of Pedagogy and Doctoral studies Ministry of Higher Education	1998-2001
Member of Molecular Genetics, Immunology and Biotechnology Lab Faculty of Sciences of Tunis	1999-2004
Director of the department of Biology Faculty of Sciences of Tunis	2005-2008
Head of Genetics, Immunology and Human Pathologies Laboratory Faculty of Sciences of Tunis	2005-2017
Head of "Ecole Doctorale of Life and Earth Sciences" Faculty of Sciences of Tunis	2009-2014
Coordinator of the Master of Fundamental and Applied Immunology Faculty of Sciences of Tunis	2010-2018

EXPERTISE AT NATIONAL AND INTERNATIONAL LEVEL

Organization under the Care of UNESCO at Tunis of an International Course on Monoclonal Antibodies	1995
Chairman of the commission on the reform of the Life and Earth Sciences (master's programs Tunisia)	1997
Scientific Evaluation of FICU (International Fund of University Cooperation under the control of AUPELF -UREF)	1999
Expert in Biotechnology attached to TEMA CONSULTING for the Feasibility Study on SidiThabet Technopole	2005
Member of the sectorial commission of empowerment of the national programs of Biological Sciences (Tunisia)	2007-2013
Local expert in Biotechnology attached to BEI for the Feasibility Study on SidiThabet Technopole	2009
Local coordinator of Tunisia-Italy trans-frontier project: AIDA (Autoimmunity: computer-aided diagnosis)	2013-2015
Member of scientific committee of Pasteur Institute of Tunis	2016-2018
Member of scientific committee of the 10th African Congress of Immunology under the control of FAIS	2017

COLLABORATIVE PROJECTS: RECENT

Project of Valorization of research results: <i>Onco-genetics consulting in Tunisia</i>	2010-2017
AAAS Project: <i>Ensuring Safe, Secure and Ethical Conduct of Biomedical Research</i>	011-2013
Tunisia-Italy trans-frontier project: <i>AIDA (Autoimmunity: computer-aided diagnosis)</i>	2013-2015
Research project in cancer: <i>translational research on breast cancer: to a medicine 4 p in Tunisia</i>	2016-2018
Univer Georgetown Project: <i>Dev of a Certificate Program in Bioethics for Clinicians, Researchers</i>	2014-2017

COMPETENCES AND ACTIVITY DOMAINS

Expertise scientific domains *Immunology, genetics, oncology, epigenetics, ethics*
Mentoring of PhD *50 doctorate thesis*
Writing and reviewing scientific papers (French and English) *268 published, H index : 25, Citations 2215*
Design and implementation of training programs *Creation of 2 masters and 1 Ecole Doctorale*
Design and implementation of research programs *Founding member of 3 Laboratories*
Collaborative projects at the national and international level *6 recent projects*
Evaluation of structures and research projects *8 Tunisian laboratories + FICU*
EURÊKA Prize (Southern Mediterranean) 2018
