

## Open Call for Papers

### Special Issue on Mathematics

#### **In Celebration of the 30th Anniversary of the *Albanian Journal of Natural and Technical Sciences* (1996–2026)**

The *Albanian Journal of Natural and Technical Sciences* (AJNTS) is pleased to announce a special issue dedicated to **Mathematics**, in honor of the journal's 30th anniversary.

We invite researchers, scholars, and academics to submit original research papers, reviews, and short communications that contribute to the advancement of mathematical sciences. The special issue will celebrate the richness and evolution of mathematical research in Albania and internationally over the past three decades.

#### Topics of Interest Include (but are not limited to):

- Pure and Applied Mathematics
- Mathematical Modeling and Simulation
- Algebra, Geometry, Topology, and Number Theory
- Differential Equations and Dynamical Systems
- Probability, Statistics, and Stochastic Processes
- Mathematical Physics
- Computational Mathematics and Algorithms
- Mathematical Education and History of Mathematics
- Mathematical Applications in Engineering, Economics, and Natural Sciences

#### Important Dates:

- **Submission Deadline:** February 28, 2026
- **Notification of Acceptance:** April 30, 2026
- **Publication Date:** June 2026

#### Submission Guidelines:

Manuscripts must follow the [AJNTS Author Guidelines](#) and [Ethics guidelines](#) and should be submitted via email at: [akadshkreta@gmail.com](mailto:akadshkreta@gmail.com).

All submissions will undergo a **peer review process** to ensure the highest standards of scientific quality.

#### Why Submit?

- Join the AJNTS 30th anniversary celebration
- Contribute to a landmark issue in Albanian and regional mathematical research

- Be featured in a special edition with broad academic visibility
