

# International Workshop on **Wildfire Modeling & AI**

March 17 - 18, 2025, Madrid

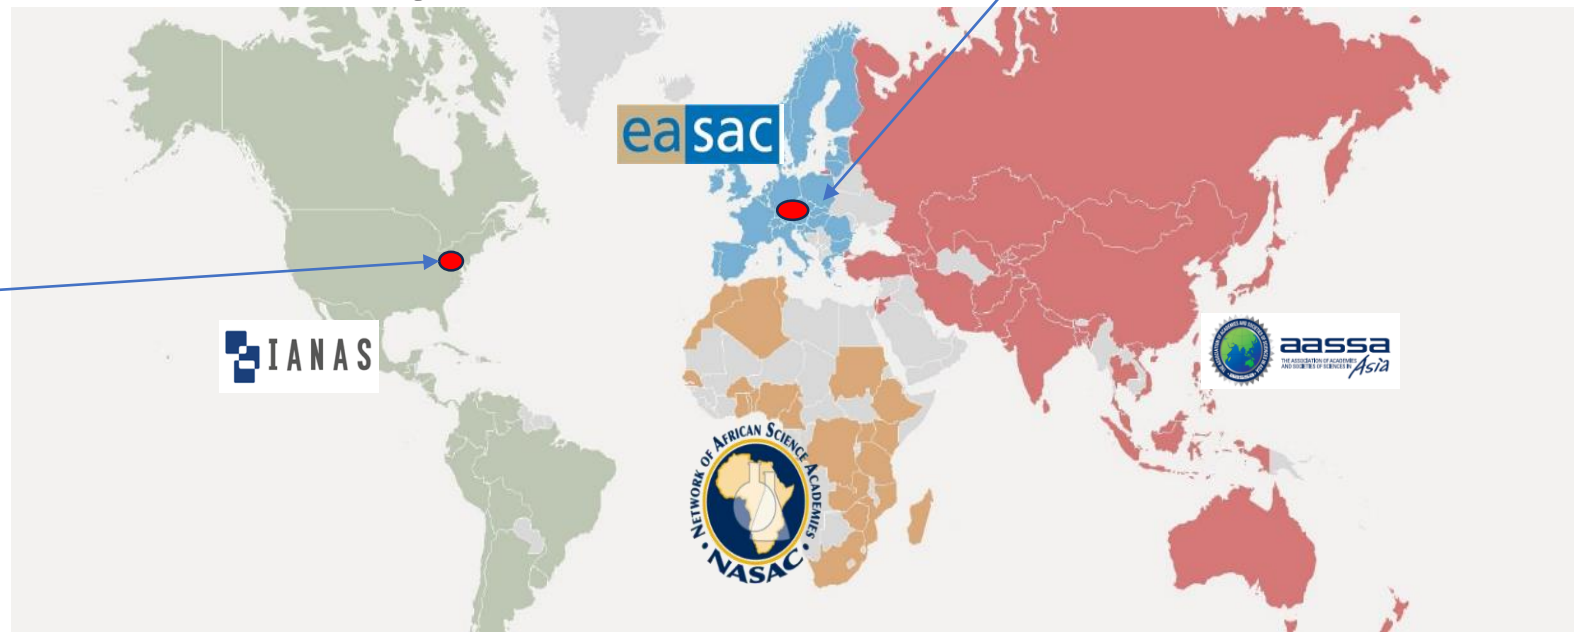

NATIONAL ACADEMIES  
*Sciences  
Engineering  
Medicine*

**Wifi: rac\_invitados**  
**Password: Cienciaparatodos.**

# IAP is the Global Network of Academies of Science, Medicine, and Engineering

- 150 member academies; 4 regional networks
- Access to leading scientists, engineers and health professionals in over 100 countries
- Part of the network of international science organizations to advise the UN Secretary General

## Mission

Convene and empower the world's academies of science, engineering and medicine to **work collaboratively to address issues of global, regional and national importance** including in a timely manner during crises.

**Wildfires are a global challenge, and their increasing frequency and intensity demand innovative solutions.**

# **Share knowledge Build collaborations Create network**
